	<b>Title</b>
1	Liquid food/drink containing fat-soluble vitamin and method of stabilizing fat-soluble vitamin
2	Glycoprotein matrix compositions and methods related thereto
3	Cosmetic powder on a silica base and method for preparation
4	Method for detecting biomarkers
5	System for adding consumable enhancing additives to drinking water
6	Method for preparation of chewing gum with customer acceptable taste
7	Sunscreen compositions
8	Injections
9	Method for production of enhanced traceable immunizing drinking water and other liquid and gas products, devices for production and use thereof, and use of the enhanced products for immunizing living beings
10	Method for encapsulating fine solid particles in the form of microcapsules
11	Process for producing coated preparation and its use
12	Transparent liquid composition
13	Multi-vitamin and mineral supplements for women

	<b>Title</b>
14	New cosmetic, personal care, cleaning agent, and nutritional supplement compositions and methods of making and using same
15	Polyether-polyol compound
16	Glycoprotein matrix compositions and methods related thereto
17	Process for producing coated preparation and its use
18	Tissue removal using biocompatible materials
19	Compositions comprising arabinogalactan and a defined protein component
20	Beverage compositions comprising arabinogalactan and defined minerals
21	Polyether-polyol compound
22	Process for producing coated preparation and its use
23	Method of manufacturing syrup-infused food pieces
24	Process for the preparation of spherules of active principles and emulsions containing the spherules
25	Process for the preparation of spherules
26	Topical amino acid - vitamin complex compositions for pharmaceutical and cosmetic use
27	Calcium and vitamin C containing beverage products with improved color stability
28	Method for continuous liberation of active constituents into water

	<b>Title</b>
29	Cosmetic pharmaceutical or foodstuff composition comprising an aqueous dispersion of lipidic vesicles
30	Method for producing substantially pure vitamin powders
31	Method employing chemical markers and kit for verifying the source and completeness of urine samples for testing for the presence of drugs of abuse
32	Process for making a spray-dried, directly-compressible vitamin powder comprising unhydrolyzed gelatin
33	Cardiotonic phosphodiesterase inhibitors complexed with water soluble vitamins
34	Nutritive composition and method of preparing same
35	Nutritive composition
36	Stabilized vitamin food coatings
37	High potency vitamin water dispersible formulations
38	REDUCING SERUM CHOLESTEROL WITH CERTAIN SUBSTITUTED PHENOLS
